Open Recalls

Recall #: N150822 | SEATBELT LAP ANCHOR TENSIONER CABLE Recall Date: 2016 Apr 11

Recall Description

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2014–2015 model year Chevrolet Silverado 1500 and GMC Sierra 1500 vehicles. The flexible steel cable that connects the driver’s seat belt to the outboard side of the seat (the “tensioner cable”) can fatigue and separate over time as a result of occupant movement into the driver’s seat.

Remedy

For used and customer vehicles, dealers will enlarge the side shield opening, install a pusher bracket on the tensioner, and if necessary, replace the tensioner assembly free of charge. For unsold new vehicles, dealers will replace the retractor assembly.

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact GMC or visit [GM's website](https://my.gm.ca/gm/en/recalls). (https://my.gm.ca/gm/en/recalls)

Recall #: N192261050 | Unexpected Pull To One Side Recall Date: 2019 Oct 24

Recall Description

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2014 – 2018 model year Chevrolet Silverado and GMC Sierra 1500 vehicles equipped with four-wheel drive, a 5.3-liter engine, and a 3.08-ratio rear axle, and certain 2015 – 2020 model year Chevrolet Suburban, Chevrolet Tahoe, and GMC Yukon equipped with four-wheel drive, a 5.3-liter engine, and a 3.08-ratio rear axle. If a wheel-speed sensor fails in these vehicles, a software error in the vehicle’s electronic-brake control module (EBCM) can cause the vehicle’s driveline-protection system to activate when (i) the vehicle’s electronic transfer case is set to four-wheel drive or automatic mode, and (ii) the vehicle is driven between the speeds of 41 and 60 MPH. If the driveline-protection system activates, the driver will experience unintended braking on the wheel on the opposite side of the failed sensor.

Remedy

Dealers will reprogram the electronic brake control module (EBCM).

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact GMC or visit [GM's website](https://my.gm.ca/gm/en/recalls). (https://my.gm.ca/gm/en/recalls)

1GTN2UEC5EZ311677

Recall #: N192217410 | Reduction in Vacuum Brake Assist Recall Date: 2019 Jun 27

Recall Description

General Motors has approved a safety recall in Canada for certain 2014-2018 model year Chevrolet Silverado LD, GMC Sierra LD, 2015-2017 model year Cadillac Escalade, and 2015-2018 model year Chevrolet Suburban, Chevrolet Tahoe, and GMC Yukon vehicles, that, in some circumstances, may have a condition in which the engine-mounted mechanical vacuum pump output may decrease over time, decreasing the amount of vacuum/power brake assist.

Remedy

Dealers are to reprogram the electronic brake control module (EBCM).

This recall was open as of the date/time that this report was generated. For more information, or to find out if the recall has been closed, please contact GMC or visit [GM's website](https://my.gm.ca/gm/en/recalls). (https://my.gm.ca/gm/en/recalls)

Stolen Vehicle Check

This vehicle history report is compiled from multiple data sources. It is not always possible for CARFAX Canada ULC or its source data providers to obtain complete information on any one vehicle. For example, there may be other title, brands, registrations, declarations, accident information, service records, recall information, odometer readings or other information where discrepancies that apply to this vehicle are not reflected in this report. CARFAX Canada and its source data providers receive data and information from external sources believed to be reliable, but no responsibility is assumed by CARFAX Canada, its source data providers or its agents for any errors, inaccuracies or omissions. The reports are provided strictly on an as-is where-is basis, and CARFAX Canada and its source data providers further expressly disclaim all warranties, express or implied, including any warranties of timeliness, accuracy, merchantability, merchantable quality or fitness for a particular purpose regarding this report or its contents. Neither CARFAX Canada nor any of its source data providers shall be liable for any losses, expenses or damages in connection with any report or any information contained within a report, including the accuracy thereof or any delay or failure to provide a report or any information. Other information about the vehicle that is the subject matter of this vehicle history report, including problems, may not have been reported to CARFAX Canada. Use this report as one important tool, along with a vehicle inspection and test drive, to make a better decision about your next used car. By obtaining, reviewing and/or using this vehicle history report, you agree to be bound by all of the terms and conditions in CARFAX Canada's Conditions of Use and any CARFAX Canada End User Licence Agreements as each may be amended from time to time by CARFAX Canada.
